EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dolph H. Torrence on 12/24/2003.

The application has been amended as follows:

In claim 17, lines 2 and 6, "wood" has been deleted and --lumber-- has been inserted; and,

In claim 18, lines 2 and 6, "wood" has been deleted and --lumber-- has been inserted.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art when considered alone or in combination, neither anticipates nor renders obvious the limitation of a method or apparatus for drying a stack of lumber which comprises placing a stack of lumber on a kiln base, placing a flexible cover over the stack of lumber and sealing the cover to the kiln base, creating a vacuum on the cover, providing heat to the kiln while drying the lumber, wherein the pressure transmitted by the atmospheric

conditions of the kiln allow the lumber to be maintained in a straight and uncupped condition during the drying process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

PERTINENT PRIOR ART

The following prior art, which presents wood drying device and methods of use, is made of record and has not been relied upon; however, it is considered pertinent to applicant's disclosure.
